**Hinweise für alle Leistungssteigerungen:**

Alle angegebenen Fahrleistungen sind Näherungswerte. Sie sind abhängig von fahrzeugspezifischen Details wie Fahrzeugtyp, Ausstattung, Leergewicht, Hinterachsübersetzung, Rad-Reifenkombination, Getriebeausführung und aerodynamische Ausrüstung des einzelnen Fahrzeugs. Angaben über Leistungssteigerungen verstehen sich als Durchschnittswerte. Prüfbedingte Abweichungen sind möglich. Angaben über die Gesamtleistung durch einen leistungsgesteigerten Serienmotor basieren auf den Serienangaben im Fahrzeugbrief, die ihrerseits nach oben oder unten abweichen können. Der Geschwindigkeitsindex der Reifen sowie die Tachoanzeige ist der jeweiligen V-max Anhebung ausreichend anzupassen! Änderungen und Irrtümer vorbehalten.

**Information for all performance enhancements:**

All listed performance figures are approximate values. They depend on vehicle-specific details such as vehicle type, equipment, tare weight, rear axle ratio, wheel-tire combinations, transmission type and aerodynamic equipment of the specific car. Figures about performance increases understood as average values. Prüfbedingte deviations are possible. Data on overall power from an uprated standard engine are based on the standard data in the vehicle registration document, which in turn may vary up or down. The speed index of the tires and the speedometer is sufficient to adjust the respective V max boost! Changes and errors excepted.
